

#### FOSC® 450 A4 Fiber Optic Splice Closure with one 8-port tap, 12 dB

- Single-ended, O-ring sealed dome closure for splicing feeder and distribution cables
- Gel cable sealing technology allows easy adding or removing of a wide size range of cables
- Compatible with most common cable types: e.g. loose tube, central core, ribbon fiber
- FOSC splice trays hinged for access to any splice without disturbing other trays
- Closure can be used in aerial, pedestal and underground (up to 5 meters) environments
- Compatible with CommScope's CWDM modules and optical splitter trays

## Product Classification

| Regional Availability                                | Latin America   North America     |
|--|-----------------------------------|
| Product Type   | Single-ended, round fiber closure |
| Product Brand  | FOSC®                             |
| Product Series                                       | FOSC 450                          |
| General Specifications                               |                                   |
| Cable Entry Drop Port Style                          | Round                             |
| Cable Entry Main Port Style                          | Round                             |
| Cable Ports Quantity, total                          | 6 round ports                     |
| Cable Sealing Type                                   | Compressed gel                    |
| Closure Sealing Type                                 | Dome-to-base clamp with O-ring    |
| Closure Style  | Single-ended                      |
| Color  | Black                             |
| Flash Test Valve                                     | None                              |
| Ground Feed-through                                  | None                              |
