4

Today, we support four Partner types—each representing a different kind of dependable relationship with CommScope.

PARTNER TYPES

COMMScope® Solution Provider

Trusted experts who design, install, and support the deployment of CommScope solutions, delivering seamless implementation and long-term performance. From initial consultation to post-service support, they provide the expertise needed to optimize connectivity, enhance network reliability, and drive business success.

COMMScope® Eco System

Industry influencers—consultants, integrators, general contractors (GCs), multi-tenant data centers (MTDCs), and similar businesses—that collaborate with CommScope and other PartnerPRO Network members to design, specify, integrate, and support CommScope solutions throughout the enterprise.

COMMScope® Distributor

Organizations focused on the complex logistics of stocking and distributing CommScope's solutions around the globe. Our network helps customers stay on schedule and on budget.

COMMScope® Alliance

Strategic Partners that add value to our customers and/or partner community.

RECOGNIZING OUR PARTNERS THROUGH EXPERTISE, STATUS, AND COVERAGE

At CommScope, we recognize and support our Partners through three key pillars: Expertise, Status, and Coverage. Our tailored programs are designed to elevate each Partner's unique strengths and market position. By aligning with our four Partner types, we strive for our Partners to stand out in the industry, offering greater value to our joint customers and driving impactful solutions.

Expertise

Recognizes product, solution or market expertise

Status

Recognizes our joint commitment and investment in each other

Coverage

Recognizes footprint of Partners with multiple locations

The PartnerPRO Network encompasses a diverse range of Partners. **Enterprise solution providers** represent the largest segment of our network. These trusted Partners play a critical role in designing and installing the long-term reliability of our solutions. To recognize their dedication and expertise, we proudly offer tiered distinctions for those who go above and beyond, setting the standard for excellence in our network.

Recognizing excellence: Tiered recognition for enterprise solution providers

At CommScope, we recognize and celebrate our top-performing enterprise solution providers—those that design, install, and warranty our products with unmatched expertise and dedication. Our tiered recognition program honors Partners who consistently deliver outstanding solutions and customer success. Achieving Premier, Elite, or Prestige status is a mark of distinction, showcasing leadership and commitment to excellence.

Premier Partner

These trusted providers hold at least one certified expertise, demonstrating exceptional reliability and service. Their proven skills allow them to design, install, and offer warranties for their certified solutions, making them valuable Partners in delivering high-quality results.

Elite Partner

Recognized for going beyond technical excellence. Elite Partners distinguish themselves through technical excellence, business success, and their ability to deliver certified SYSTIMAX® solutions. Their deep expertise and commitment to quality set them apart as leaders in their field.

Prestige Partner

Reserved for the most distinguished solution providers, Prestige Partners represent the highest level of achievement within our network. With SYSTIMAX certification and enhanced coverage capabilities, they are recognized not only for their expertise but for their ability to lead, innovate, and deliver superior service on a broader scale.
