

FST-ACC001

Fiber Optic Protective Splice Sleeve, 1 package

Product Classification

Regional Availability	North America
Product Type	Fiber protection sleeve

General Specifications

Splicing Type	Heat shrink, single fiber fusion
----------------------	----------------------------------

Environmental Specifications

Storage Temperature	-40 °C to +85 °C (-40 °F to +185 °F)
----------------------------	--------------------------------------

Packaging and Weights

Packaging quantity	50
---------------------------	----

Regulatory Compliance/Certifications

Agency	Classification
CHINA-ROHS	Below maximum concentration value
REACH-SVHC	Compliant as per SVHC revision on www.commscope.com/ProductCompliance
ROHS	Compliant
UK-ROHS	Compliant
