

Outdoor
Wireless
Networks

One of four business segments operated by CommScope.
Our mission is to **simplify and innovate smarter solutions** that empower the mobile ecosystem to build more sustainable networks today and create a better tomorrow.

We provide everything but the radio, and our major brands include: MOSAIC® antenna platform, HELIAX® connectivity solutions, PIM-Guard® solutions to prevent and mitigate PIM, ValuLine® microwave antennas, PowerShift® intelligent power delivery and SEED™ high-efficiency technology

With our global presence,
we deliver sustainable
RF conditioning solutions
for consistent performance

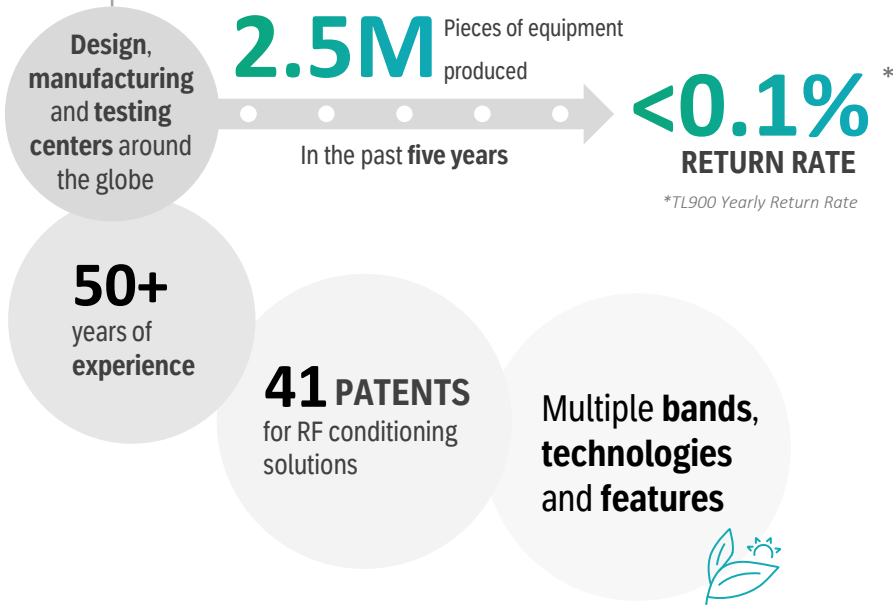

50+ 
GLOBAL CUSTOMIZATION ENGINEERS

CommScope has **customized, simplified** and **enhanced** the performance of RF signals all over the world since **1972**

APPLICATIONS

-  MOBILE NETWORKS
-  MILITARY
-  DEFENSE
-  AUTOMOTIVE
-  TRANSPORTATION
-  RAILWAY
-  AEROSPACE
-  MISSION CRITICAL

**FAST
CUSTOMIZATION**

To address the specific needs of multiple applications

**DESIGN INNOVATION
AND SIMPLIFICATION**

Fewer RF elements and easier upgrades

**RELIABILITY AND
PERFORMANCE**

Throughput, PIM rejection, reliability
